I Wish For You

Jessica Andrews

Time goes by so fast and days they seem to dance
Into the distance 'til they're gone
If I had a map to lead you down life's path
I'd give it to you but I don't so go onCry hard, laugh loud, be humble, stand proud
And don't be afraid of your fears
Let love break your heart just be who you are
All of this, all that there is I wish for youYou can never know which way your world will turn
How the stars are gonna fall
Salty tears, they burn and there are lessons you will learn
But you'll be stronger for it all, yes you willCry hard, laugh loud, be humble, stand proud
And don't be afraid of your fears
Let love break your heart just be who you are
All of this, all that there is I wish for youCry hard, laugh loud, be humble, stand proud
Hold on to your faith with all your heart
Be careful, be brave, be still, but don't stay
In any one place for too long
Remember God's grace give more than you take
All of this, all that there is I wish for youI wish for you, I wish for you
I wish for you, I wish for you
I wish for you, I wish for you
I wish for you
