Set Me Up

Shane Nicholson

You can set me up
Just to break your fall
You can set me up
I don't mind at all'Cause I've been waiting
For something beautiful
To blow up in my face
And I've been looking
For something dangerous
To come and take it's placeYou can set me up
With each and every call
You can set me up
I don't mind at all'Cause I've been waiting
For something beautiful
To blow up in my face
And I've been looking
For something dangerous
To come and take it's placeYou'll fly your flag unfurled
You'll try and save the world
You'll get your conscience clear
Every time you disappearYou'll find the answers when
Nobody else can find a friend
And you'll set me up again'Cause I've been waiting
For something beautiful
To blow up in my face
And I've been looking
For something dangerous
To come and take it's placeYeah, go fly your flag unfurled
Go try and save the world
Just get your conscience clear
Before you disappearYou'll find the answers when
Nobody else can find a friend
And you'll set me up again
