

# Hold Tight

## Justin Bieber

Happy birthday, happy birthdayThat hold on tight  
    Yeah, that hold on tight  
    Ooh, that hold on tight  
    Them lips won't let me go  
(Lips won't let me go, lips won't let me go, oh)That hold on tight  
    Yeah, that hold on tight  
    Ooh, that hold on tight  
    Them lips won't let me go  
(Lips won't let me go, lips won't let me go, oh)Don't let this go to your head  
    But you're the best, I've ever had  
        Not to mention  
        That thing is swollen  
You got me oh so in a tranceSomething like a zip lock, but a lip lock  
    Want you wrapped around my arm  
        Like a wrist watch  
        Oh, so hard walking out  
    Got me stuck like crazy glue, oohThat hold on tight  
        Yeah, that hold on tight  
        Ooh, that hold on tight  
        Them lips won't let me go  
(Lips won't let me go, lips won't let me go, oh)That hold on tight  
        Yeah, that hold on tight  
        Ooh, that hold on tight  
        Them lips won't let me go  
(Lips won't let me go, lips won't let me go, oh)Got me tossing, turning in the bed  
    The places where I rather be instead  
        You don't know your strength  
Missing you is like adrenalineOh, when you got me in a grid lock  
    What a great spot  
    Yeah, that turned up kind of love and it just won't stop  
        No, so hard walking out  
    Got me stuck like crazy glue, ooh weThat hold on tight  
        Yeah, that hold on tight  
        Ooh, that hold on tight  
        Them lips won't let me go  
(Lips won't let me go, lips won't let me go, oh)That hold on tight  
        Yeah, that hold on tight  
        Ooh, that hold on tight  
        Them lips won't let me go

(Lips won't let me go, lips won't let me go, oh) Holding back the faces I would make  
I'm a fan and you're the rock star  
Making it hard on me  
Visualize a monster  
'Cause you're too bad for me Shot that arrow, I'm hit  
Need you right near me  
Trying to maintain, so don't mind if I turn away (no, no)  
I try to maintain, so don't mind if I turn away That hold on tight  
Yeah, that hold on tight  
Ooh, that hold on tight  
Them lips won't let me go  
(Lips won't let me go, lips won't let me go, oh) That hold on tight  
Yeah, that hold on tight  
Ooh, that hold on tight  
Them lips won't let me go
