

# World

## Five For Fighting

Got a package full of wishes  
A time machine, a magic wand, a globe made out of gold  
    No instructions or commandments  
    Laws of gravity or indecisions to uphold  
        Printed on the box I see  
        A.C.M.E.'s build a world to be  
        Take a chance, grab a piece  
        Help me to believe it  
What kind of world do you want? Think anything  
    Let's start at the start, build a masterpiece  
        Be careful what you wish for  
        History starts now  
        Should there be people or peoples  
        Money, funny pedestals for fools who never pay  
        Raise your army, choose your steeple  
    Don't be shy, the satellites can look the other way  
        Lose the earthquakes, keep the faults  
        Fill the oceans without the salt  
        Let every man own his own hand  
        Can you dig it, baby?  
What kind of world do you want? Think anything  
    Let's start at the start, build a masterpiece  
        Be careful what you wish for  
        History starts now  
        Sunlight's on the bridge  
        Sunlight's on the way  
        Tomorrow's calling  
        There's more to this than love  
What kind of world do you want?  
    What kind of world do you want?  
What kind of world do you want? Think anything  
    Let's start at the start, build a masterpiece  
        Yeah, history starts now, starts now  
        Be careful what you wish for  
        Start now, now
