High Life (feat. Dutch Melrose)

Lance Grey

Said you want a guy that was better than the last one
Me and a life girl, better than the last one
Need somebody to come and show you how to have fun
With me girl I can show you how to laugh some
Drips over seas the middle the night
Go pack your bags baby girl we're taking a flight
You need somebody that can give you whatever you likeOh wait! Hold up! I'm trippin!
Want you on my back god damn want you bad
Wanna show you everything these guys they wish they showed you they had
Nothing gets you mad
Stop living the past you need somebody that can love you and be the reason that you last
Yeah I can show you what a high life
(Ah ah ah)
Lay into the sunlight
I know this don't sound right
But I want your body seen like
I can see it in your eyes
You still need some lovin' in your life
So baby wait could you do it?
Just lose it?
Cuz I know how it feels to cry
From your heart
Wishing for a love in the stars
So baby wait could you do it?
Just lose it?
Cuz I know how it feels to fall in love
I hope you let me prove I was better than the last one
You got your nails, got your feet, and your hair done
Your just so perfect, your smile like it never lasted
Your just so worth it and everything you do's attractive
Drips over seas the middle the night
I know I said it once already, I'm saying it twice
You need somebody that can get you whatever you like
You see this ring on my finger to make you my...
Wait
Want you on my back god damn want you bad
Wanna show you everything these guys they wish they showed you they had
Nothing gets you mad

Stop living the past you need somebody that can love you and be the reason that you last

Yeah I can show you what a high life
(Ah ah ah)
Lay into the sunlight
I know this don't sound right
But I want your body seen like
I can see it in your eyes
You still need some lovin' in your life
So baby wait could you do it?
Just lose it?
Cuz I know how it feels to cry
From your heart
Wishing for a love in the stars
So baby wait could you do it?
Just lose it?
Cuz I know how it feels to fall in love

Oh I want to show you how
The way it to bind
Oh you'll never lie no more, no more
Thing about love it can bring you down
(down, down, down)
Start feeling like there's no way out
(out, out, out)
Baby Imma show you, Imma show when you're with me
That there's always ways
To tell me what you want
Ooh I can show you
Ooh I can show you the high life cuz
I can see, I can see it
In your eyes
You still need some lovin' in your life
So baby wait could you do it?
Just lose it?
Cuz I know how it feels to cry
From your heart
Wishing for a love in the stars
So baby wait could you do it?
Just lose it?
Cuz I know how it feels to fall in love
Ooh fall in love, love, love
Fall in love with you
