

Heart Like Heaven

Hillsong Worship

Holy
No measure knows Your worth
Face down
Where mercy finds me first

If You sought perfection
I'd die trying to reach it
But this broken heart is all You want

Singing holy
Heart like heaven
Singing holy
God Almighty
Own this heart broke sound
Singing holy is Your Name
Singing holy is Your Name

Own the sound forever
Heart and heaven together
Singing holy is Your Name

And if it lifts You higher
Burn in me Your desire
A passion worthy of Your Name

And I'll throw my weakness
Into Your greatness
If this broken heart is all You want

You're worthy of all praise
You're worthy of all praise

For You are worthy
Jesus Saviour
You are worthy
King forever
Hear my soul cry out
Singing holy is Your Name
