got runover by a tank

low rank frank
no lower than you sank
when all by yourself
you're the world's biggest wank
with only you to thank
ass butthole stank
belching with all your own
piss you drank
and your own green spunk
from your morning spank
on your way to a dumpster
with an armful of crankthere is no piece of ass worth a friendship
dumb enough to go there nothing will mend it
there is no piece of ass worth a friendship
dumb enough to go there nothing will mend it
nothing will mend it
