

# Beautiful

[Anna Waronker](#)

Beautiful  
Don't you think you'll rest your weary head  
And beautiful  
Don't you think it's okay to play dead  
For a while You are a sight for sore eyes  
You are a sight for sore eyes to me Beautiful  
Come and ease your aching heart to me  
And beautiful  
Do you think you'll ever get some sleep? You are a sight for sore eyes  
You are a sight for sore eyes  
You are a sight for sore eyes  
You are a sight for sore eyes to me
