

Nightmare Be Thy Name

Mercyful Fate

Master, you knew I never pray
Master, nothing can keep you awayNightmare be thy name
Nightmare be thy nameThe dreams, they always do come true
Second sight and I don't want to knowNightmare be thy name
Nightmare be thy nameYou got to stop this game, before I go
Insane, you drive me insane
You would follow me straight to the grave
And beyond, ohh, yes you wouldIn hell, I see the fate of others
Break the spell, this night has been on foreverNightmare be thy name
Nightmare be thy nameYou got to stop this game, before I go
Insane, before I go insane
