

Really Love

D'Angelo

When you call my name,
When you love me tenderly,
when you walkin' near metoo doo wa,
I'm in really love with you
I'm in really love with you When you look at me,
I open up instantly,
I fall in love so quickly too doo wa,
I'm in really love with you
I'm in really love with you
too doo wa,
I'm in really love with you
I'm in really love with you All night beside you I lay,
I love you deep when you come to my bed too doo wa,
I'm in really love with you
I'm in really love with you
too doo wa,
I'm in really love with you
I'm in really love with you When you touch me there,
when you make me tingle
when our nectars mingle too doo wa,
I'm in really love with you
I'm in really love with you I'm not an easy man
to overstand, you feel me,
but girl you're patient with me All night, I wished for you here
Lay your head beside of my head Too doo wa,
I'm in really love with you
I'm in really love with you Love you baby,
too doo wa,
I'm in really love with you
I'm in really love with you Ooooo, oooooo whoa whoa
too doo wa,
I'm in really love with you
I'm in really love with you Ooooo, oooo, girl,
I love the little things you do,
I'm in really love with you
(I'm in really love with you) [adlib]
too doo wa,
I'm in really love with you
I'm in really love with you too doo wa,

I'm in really love with you
I'm in really love with you Said I love all the little things you do, baby,
said I love all the little things you do[adlib]
