Positive Vibrations

The Soft Boys

Positive vibrations
Shine through all creation
Positive vibrations
Unite all the nations

There you go, killing for peace
Don't you know you'll never get peace anymore
Just get war

Positive vibrations
They call at all stations
Forget your paranoia
It'll only destroy ya

There you go killing the lamb
Don't you know it's still in the plan
What a waste

Positive vibrations

Baby, when you do it to me
I feel like oil that burns in the sea
From the top
Never stops

Positive vibrations
Shine through all creation
Positive vibrations
Shine through all creation

Vi-i-brations
Vi-i-brations
Vi-i-brations
Vi-i-brations
Vibrations - vibrations
Vibrations - vibrations
Vibrations - vibrations
Vibrations - vibrations
