

Hit Me Up (Edited Version)

Gia Farrell

Baby baby, just a little bit
Baby baby, just a little more
Baby baby, let me see ya
Walk to me talk to me help me right I did cause a commotion
I cant help but make a scene
I ain't looking for something
Permenant to get at me
If you rock me, you can keep that
Tell you what its gonna be
You better step up your game
Before you can step to me
Did you see me walking through the door?
maybe I should turn it up a little bit more
I can't help but be responsible
What the girls hate
And the boys adore Say hey, what you're gonna be tonight
Come hit me up, come hit me up
Say hey, you're coming with me tonight
Come hit me up, come hit me up
Say hey, keeping running all lights
Come hit me up, come hit me up
I know you feel it cause you checking me, right
Come hit me up come hit me up
Baby baby, just a little bit
Baby baby, just a little more
Baby baby, let me see ya
Walk to me talk to me help me right
I walkin, jaws all be droppin
It's so electrofied
Don't mean to intimidate, no way to make you lose your mind
If you want this, work your focus,
Show me what u got whats right
You better make impression
Make another try Did you see me walking through the door?
Maybe i should turn it up a little bit more
I can't help but be responsible
What the girls hate
And the boys adore Say hey, what you're gonna be tonight
Come hit me up, come hit me up

Say hey, u comin with me tonight
Come hit me up, come hit me up
