

Sleeping Late

[Dr. Hook](#)

Advisory - the following lyrics contain explicit language:

Sleeping late, sleeping late Whenever I sleep late you know I can dream
Some of the strangest things that you've ever seen
I could never tell you the things that I do in my head
Leaving nothing unsaid, sleeping late in my bed Sleeping late, sleeping late Sometimes I'm embarrassed by
devious thoughts
When I'm undercover let me never get caught
Crazy notions begin with that old devil grin on my face
We're such a disgrace, me and my pillow-case Sleeping late, sleeping late
Sleeping late, sleeping late The blissful state of sleeping late
Has been known to compensate
And sometimes even stimulate
I for one appreciate, sleeping late
Ain't it great sleeping late Sleeping late, sleeping late Live and in color, my wildest of dreams
The best ones are re-runs, if you know what I mean
I don't believe I can wait for that clock to stop ringing in my ear
It's so lovely here, I may sleep for a year Sleeping late, sleeping late
Sleeping late, sleeping late
