

When I'm Dead

Nudeswirl

Tell what you love tell me what your missing
dont try to guess they dont wanna listen
take one for pride takes whats behind it
here it comes again make it hard to find you but it finds you
im already dead what im trying to tell you here i come again just cant get connection connection

shake what in your arm shake it like a see saw
here it comes again here it comes to destroy to destroy
bodys gone cold bodys on the its limp back breath is almost gone
now i wanna feel it on a ????
when im dead (X4)
dead
when im dead (X3)
dead
when im dead (X4)

when im dead(X2)
