Simple Song

Luis Trindade

Simple Song

Hold my hand I'll try to take it slowly
I will hide the pain that keeps on growing
I will make you laugh so please come closer

I have been here many times before
I have been here many times before

Call my name I need to feel alive
Hold my breath I need to rest my soul
Draw some wings
I need to fly

I have been here many times before
I have been here many times before

I am here drowning again
I am here drowning again

[In loving memory Henk&Ingrid]
