

# Free Run

Chris Brown

(Verse1) Broken again Im, down on my knees ripped apart

But I see you out there

So Im taking these chains off my heart

(Hook 1)

Im listenin close for you

Feelin' my way out the dark

Im on my way to you

And won't nothin' keep me from ya (Chorus)

So Ill just free run, till my feet start to lift off the ground

I will just free run, till I find myself right where you are, oh

Whoa, whoa, Ill free run to ya

Whoa, whoa, free run to ya

(Verse 2)

Life with you leaving, Is like being locked upside down

Im all out of reasons, to let all this hurt keep me bound (Hook 2)

Ill listen close for ya

I dont wanna miss the good parts

Im on my way to ya

And won't nothin' will keep me from ya

(Chorus)

So Ill just free run, till my feet start to lift off the ground

I will just free run, till I find myself right where you are, oh

Whoa, whoa, Ill free run to ya

Whoa, whoa, free run to ya

Oho, whoa, whoa, whoa, whoa, X 2
