To Get Me to You

Lila McCann

Well I I still can remember times
When the night seemed to surround me
I was sure the sun would never shine on me
And I I thought it my destinyTo walk this world aloneBut now you're here
With me
Now you're here with me
And I don't regret the rainOr the nights I felt the pain
Or the tears I had to cry
Some of those times along the way
Every road I had to takeEvery time my heart would break
It was just something that I had to get through
To get me to you
To get me to youWell I, I still can recall the days
When I had no love around me
Makes me glad for every day I have with you
And I, I look in your eyes and knowI'm right where I belong
And I belong with you
Always belonged with you
And I don't regret the rainOr the nights I felt the pain
Or the tears I had to cry
Some of those times along the way
Every road I had to takeEvery time my heart would break
It was just something that I had to get through
To get me to you
To get me to youAnd if I could I wouldn't change a thing
Wouldn't change a thing baby
Because your love was waiting there for me
Waiting there for me babyAnd I don't regret the rain
Or the nights I felt the pain
Or the tears I had to cry
Some of those times along the wayEvery road I had to take
Every time my heart would break
It was just something that I had to get through
To get me to youTo get me to you
