Soul Food

HOOK
My soul says yes
My soul says yes Lord yes
It's right here crying out
Right now to give you praiseV1
There was a time when I was searching for the Lord
Didn't know which way to turn, I was going back and forth
Had to rest my weary legs, fatigue was setting in
Then right there I heard a voice say, "I come to give you rest"HOOKV2
Then right there I realised God was by my side
He wanted to be the, guide of my life
So I put my hands in His hands and let Him lead the way
Since that time we've been together, to this very dayHOOKV3
You could be like me, lost, trying to find your way
Looking for a friend that will help you night and day
Don't you be discouraged, and don't you even fear
Jesus is the answer for the world todayBRIDGE
Are you hungry, thirsty can't be filled
Sitting at the wrong table, can't get served
Why don't you, sit right here, God is serving soul food
He's the bread of life
That's rightOUTRO
Everybody just give him praise
Everybody just give him praise
