Dark Mother (Version 2009)

Menace Ruine

Come along Dark Mother
Appear tonight ebony moon shines
I call upon Dark Mother
Guardian of the ways and paths that cross
Triform goddess
Light me with your ancient wisdom
I call upon Dark Mother
Guide me through the night with your torch
How benevolent
Usher me into death and usher me out
Come along Dark Mother
The hounds of hell are barking at my door
Beloved Mother
My life force is all I have to offer you
Dark angel
Usher me into death and usher me out
Our love for Dark mother, governess of the borders,
Guardian of the never ending cycle,
All praise to you for what is yet unknown,
Beloved crone, your presence here allows hope
Your light is eternal,
Hecate we adore,
so calm and tender-hearted
