Master Celebrator

No Fun At All

Bow your head and fold your hands Master celebrator No one gets a second chance Master, masterRaise your voice and start to speak Master celebrator Climb the mountain to it's peak Master celebratorBut I don't know, I don't know, who knows? No one, no one seems to do any better When they cross the borderNo one, no one seems to do any better When they cross the border line Well, I'm fineRaise your head and say the word Master celebrator Find a way to fool the herd Master, masterFill their heads with empty phrases Master celebrator Look into their hollow faces Master celebratorLooking back through the years What history tells us
