

Beat of the Drum

Morcheeba

As the sun shines down on me
The land mass is approaching
Sixty brave souls out at sea
Dragons head cuts through the ocean To see them waving on the shore
Will fill my heart forevermore To the beat of the drum, we travel on
Courageous, we sail into the storm
Singing our song and feeling strong
On a voyage to where we all belong To the beat of the drum, we travel on
Courageous, we sail into the storm
Singing our song and feeling strong
On a voyage to where we all belong We have been away a while
I can't wait to see relations
And tell them all my tales
That will last for generations To see them waving on the shore
Will fill my heart forevermore To the beat of the drum, we travel on
Courageous, we sail into the storm
Singing our song and feeling strong
On a voyage to where we all belong To the beat of the drum, we travel on
Courageous, we sail into the storm
Singing our song and feeling strong
On a voyage to where we all belong I have missed the children grow
And I've missed my life's affection
Everywhere I go
I pray for their protection To see them waving on the shore
Will fill my heart forevermore To the beat of the drum, we travel on
Courageous, we sail into the storm
Singing our song and feeling strong
On a voyage to where we all belong To the beat of the drum, we travel on
Courageous, we sail into the storm
Singing our song and feeling strong
On a voyage to where we all belong To the beat of the drum
To the beat of the drum
To the beat of the drum
To the beat of the drum
