I Live for the Weekend

Triumph

Makin' my way to the job each day
Slave like a dog for my hard earned pay
When the bell rings, then I'm ready to run
Gonna get high, gonna have some funI know the boss, he don't think I'm good
Baby, I'm just badly misunderstood
'Cause you know, what I like, [Incomprehensible]I live, I live, I live for the weekend
I live, I live, I live for the weekendYou know you gotta serve, you know you gotta please
My baby puts my mind at ease
Friday comes n' I'm thinkin' of you
'Cause at five o'clock, they're gonna set me looseCome on, babe, we're gonna live it up
Don't ya know that I can't get enough
Of your sweet love, yeahI live, I live, I live for the weekend
I live, I live, I live for the weekendI know, babe, you don't think I'm good
But you got me badly misunderstood
'Cause you know what I like, yeahI live, I live, I live for the weekend
I live, I live, I live for the weekendI live, I live, I live, yeah
I live, I live, I live, yeah
