Dilemmachine: Coalition Hoax

Norma Jean

No, I don't care, we don't care, no one seems to care
The mirror of our mouths endlessly yelling
May I have attention, attention, attention?
This is a quote from our new weaponsThis fight is more important than your life
Destruction is constructive
No, no, noThe world, waking, wearing, yeah
The way that deaf can see a sound in darkness
Certainly we will find, find hope in desperationNo, destruction is destructive
Everyone stay calm, we're taking over the ship
With our lives, with our heart, with our hands out
This God forsaken town
