

# Whut You Want

Jaheim

Whut you want?

Whut you want?

Whut you want, woman?Goddamn it woman, whut you want?

Oh, damn, damn, damn, damn, damn, damn, damnWhat do you want? Didn't I just leave you

Whut you want? Damn I already told you

What you need? You know I'm pushin' on the block

And I ain't got time to talk, baby

Whut you want?What do you want? Didn't I just leave you

Whut you want? Damn I already told you

What you need? You know I'm pushin' on the block

And I ain't got time to talk, baby

Whut you want?What do you want? I don't wanna hear no whinin'

Whut you want? Girl, you know I'm out here gridnin'

What you need? Tomorrow where's your dad

But for now you gotta wait, baby

Whut you want?Whut you want?

What you want? 'Cause I know this drama ain't for nothin'Gonna make me lose it
