

Fever (Ryan Thistlebeck Radio Edit)

Cascada

I'm not a beauty queen
Traveling in a limousine
I'm a girl but don't call me baby Who the fuck is VIP?
Never alive in luxury
I don't care so just call me crazy
Can you give it out? Don't stop just take it to the limit
Watch me boy It's spinning around this time
Hush, hush, running to the night, feel alive I just can't get enough when I'm with you
'Cause your fever makes me feel so good
Turn it up boy you make your move
See I'm burning but it feels so good Can't get enough when I'm with you
You got fever but it feels so good
Turn it up baby make your move
Keep me burning 'cause it feels so good I don't need no superman
Trying to tell me who I am
Know it all's a driving me crazy Nothing ever is for sure
I can't take this anymore
All I want is yes or no baby
Can you give it out? Don't stop just take it to the limit
Watch me boy it's spinning around this time
Hush, hush, running to the night, feel alive I just can't get enough when I'm with you
'Cause your fever makes me feel good
Turn it up boy you make your move
See I'm burning but it feels so good Can't get enough when I'm with you
You got fever but it feels so good
Turn it up baby make your move
Keep me burning 'cause it feels so good It's so hot, Do it, do it real good
Can't stop, Do it, do it real good
It's so hot, Do it, do it real good
Can't stop, Do it, do it real good It's so hot, Do it, do it real good
Baby you got fever
Can't stop, Do it, do it real good
Baby you got fever
It's so hot, Do it, do it real good
Baby you got fever
Can't stop I just can't get enough when I'm with you
'Cause your fever makes me feel good
Turn it up boy you make your move
See I'm burning but it feels so good Can't get enough when I'm with you

You got fever but it feels so good
Turn it up baby make your move
Keep me burning 'cause it feels so good
