

No Sleep

Amateur Best

Tell me how you love me
Tell me how you need me
Tell me how you wake up at nightTell me how you stand it
Tell me how you blend it
Tell me how you wanna be just fineI'm looking round corners
Waiting for your orders
Oh love,
You're not that wicked
And I am not that kindI get by with
No sleep
I'll never see you again
No sleep
I need to see you againTell me when you saw me
Tell me you told me
Tell me you sleep just all right
I see you in the TV in my house of Belle Reve
There's trouble in the water (?)
That's a different author (?)
Until you fall (?)You're not that wicked
And I am not that kindI get by with
No sleep
I'll never see you again
No sleep
I need to see you againNo sleep
For you
