

The Light Behind Your Eyes

My Chemical Romance

So long to all my friends,
Every one of them met tragic ends,
With every passing day,
I'd be lying if I didn't say,
That I miss them all tonight
And if they only knew what I would say,
If I could be with you tonight
I would sing you to sleep,
Never let them take the light behind your eyes
One day, I'll lose this fight
As we fade in the dark, just remember you will always burn as bright
Be strong, and
hold my hand.
Time becomes for us, you'll understand.
We'll say goodbye today,
And were sorry how it ends this way
If you promise not to cry, then I'll tell you just
What I would say
If I could be with you tonight,
I would sing you to sleep,
Never let them take the light behind your eyes.
I'll fail and lose this fight,
Never fade in the dark
Just remember you will always burn as bright.
The light behind your eyes. the light behind your-
Sometimes we must grow stronger and,
You cant be stronger in the dark.
When I'm here, no longer, you must be stronger
And if I could be with you tonight,
I would sing you to sleep,
Never let them take the light behind your eyes.
I failed and lost this fight,
Never fade in the dark,
Just remember you will always burn as bright.
The light behind your eyes the light behind your eyes the light
behind
Your eyes the light behind your eyes
The light behind your eyes the light behind your eyes the light behind
Your eyes the light behind your.
the light behind your eyes
The light behind your.....|||
