Pistolier

Ponderosa

Oh no, look what we have done
They've got us on the run
Baby, there's no need to fear
I'm your pistolierWe're growing young so fast
They said it would never last
We'll hide underneath their tracks
And find, oh yeah, we'll find, ohWe'll chase anything
Driving till we're blind
We'll chase anything
Pockets full were left behindLivin' under city lights
Holdin' on and gettin' by
The dark horse ridin' in to town
We don't want to ride him outWe're growing old so fast
They said we will never last
We'll find underneath their tracks
A life, oh, so alike'Cause we'll chase anything
Driving till we're blind
We'll chase anything
Pockets full were left behind
Oh, behind, oh, behindYeah, we'll chase anything
Driving till we're blind
We'll chase anything
Oh, we'll chase anything
Oh, we'll chase anything
We'll chase anything
We'll chase anything
Pockets full were left behind
