WORDS OF WISDOM

Music and Lyrics by : Charly Sahona

Where are the twinkling eyes
Of the child who used to dream and play
When everyone appeared to be a friend
Until one day
Where is the sparkling light
Given away to the one you loved ?
You were sixteen when she walked away
A prelude to a fall
Tell me, Teach me
Tell me some words of wisdom
Cos' my hope fades with impatience
Teach me the words of wisdom
We all need something to lean on
They said at the altar
I'll love and honor you forever
She gave birth to a beautiful
Baby girl they've been waiting for so long
Later he met (a) young and pretty girl
Who made him dazed
And he went away
Tell me....
Seeking for love and various kinds of hope
Just to forge ahead
In this race of life
Laid down on their bed
She whispers • Wait for me in heaven ... •
With some words of wisdom
