The Bitter End

Xentrix

Entangled in a web of sordid lies
No hope until I walk with open eyes
The way I feel I can't express
We trust each other less and lessTwisted thoughts and twisted deeds
Ever changing different need
Never planned it quite like this
No more pain, I'm powerlessDo we end it while we can
Or should we make a different plan?
I cannot treat you like a friend
Must we see it to, to the bitter end?Confused don't know which way to go
Carry on, the hatred grows
Never have any kind of peace
Until I find my own releaseDo we end it while we can
Or should we make a different plan?
I cannot treat you like a friend
Must we see it to the bitter end?Maybe now you'll understand
Or do you need a helping hand?
Time will pass and we will see
We were just not meant to be
