

When A Man Lies

[R Kelly](#)

How he makes her feel when he look her in the eye and tell her I love you. Yeah, he seem so for real when he whispers and says I'll never leave, He speaks em words into her heart, make her feel like she on top of the world. oh my, and then turn around and break'n her heart makin' her feel like the hole world is on top of her. That's enough to make me talk about' it. "chorus when a man lies, he pierce's the very soul of that women, Yes he does, I'm just tellin the truth, when a man lies he kill's every reason she had for lovin' him, mirror I'm talkin' to you". how he promise her things, while his makin' sweet love to her mind and sellin' big dreams. yeah, that's what he do, boy he can paint the scene, with everyword out of his mouth make her wanna believe, HO! she believe's dat everything his sayin' is true, now all the dream she bought and tale he told Cinderella to the old pot of gold, broke her poor her heart and stole her glory and left me here to tell the story. "chorus" hey don't jump out shooting the messenger no. I was sent here to deliver, Ya'll can go ahead and call me a lawyer, call me a lawyer, cause the day I'm representing the women, when a man lies he pierce's the very soul of that women, yes he does! hey I'm just tellin' the truth, when a man lies his every reason that she ever had for him, yeah mirror I'm talkin to you, You see thou the wind andays the biggest mistakes of my life! Hey but its all over no, she pack'd all her things and moved to out town when I heard she lives up somewhere out jeresy, it hurt me it hurt me.
