

# Wisconsin Death Trip

## Static-x

What's wrong?  
Don't you sing dong ding dong  
Push it on the phoney  
Hook it up and ride away  
Motion  
Can't you feel the motion  
You can see right through me  
We connect you're part of me  
Take this  
Break the vibe and make this  
Get up on it oh yeah  
Close your eyes and fly away  
Motion  
Can't you feel the motion  
You can see right through me  
We connect you're part of me  
Get up on this Wisconsin death trip  
Get up on this Wisconsin death trip  
Get on it  
Get up on this Wisconsin death trip  
Get up on this Wisconsin death trip  
What's wrong  
Don't you sing dong ding dong  
Push it on the phoney  
Hook it up and ride away  
Motion  
Can't you feel the motion  
You can see right through me  
We connect you're part of me  
Get up on this Wisconsin death trip  
Get up on this Wisconsin death trip  
Get up on this Wisconsin death trip  
Get up on this Wisconsin death trip  
Get up on this Wisconsin death trip  
Get up on this Wisconsin death trip  
Get on it  
Get up on this Wisconsin death trip  
Get up on this Wisconsin death trip  
Take me

Clear your mind and make me  
Feel me inside oh yea  
You can have me anyway  
Motion  
Can't you feel the motion  
You can see right through me  
We connect you're part of me  
Get up on this Wiscosin death trip
