

# The 90's

## Lisa Loeb

Betsy cut my dress a little shorter  
Get me ready for my video  
One take I'll shake it up on MTV  
All eyes on me  
John make my platforms a little higher  
I gotta walk without my band  
All eyes on me  
They say I'm folk but I like BowieWhoaaaa  
Those were the 90's  
Whoaaaa  
And times flies so fast  
Whoaaaa  
You say you love me then  
But I don't wanna go back  
We let our hair grow long  
Got biker boots and wrote tough songs  
So I'm the angel  
She's the demon  
All the words have too much meaningWhoaaaa  
Those were the 90's  
Whoaaaa  
And times flies so fast  
Whoaaaa  
You say you love me then  
But I don't wanna go back  
No, I don't wanna go backHe can't spit out what he thinks  
Waits to hear and then agrees  
Still sends me a limousine  
So alternative just like everyone else in the mainstream  
No, I don't wanna go wanna go back  
Whoaaaa  
Those were the 90's  
Whoaaaa  
And times flies so fast  
Whoaaaa  
You say you love me then  
But I don't wanna go back  
No, I don't wanna go back
