

I Love the Heaven's Solo

Tanita Tikaram

Now, you can't tell me
Well, that you know too much
Well, that you know too much, to let go Now, I can't watch you
Be an easy vision
Well an easy vision Lord I, I love the heaven's solo
I love the heaven so
I love the heaven know by now
That there is a place to Now, you can't tell me
Well, I have lived too much
Well, I have lived too much, to know Now, you can't wash me
Like a simple reason
Well a simple reason Lord I, I love the heaven's solo
I love the heaven so
I love the heaven know by now
That there is a place to Now, you can't tell me
Well, I have dreamed enough
Well, I have dreamed enough to know Now, I can dream you
Like an easy vision
Well an, an easy vision Lord I, I love the heaven's solo
I love the heaven so
I love the heaven know by now
That there is a place to
