Bounty On My Head

Grizfolk

I've been waiting for so long
Would you believe me when I said
I've been a fool without your heart
I must've been misled

Would you love me when I'm gone?
Would you love me when I'm dead?
Would you love me with a bounty on my head?
A bounty on my head

I've got a really bad feeling I'm gonna love you so good
Take you down to my hometown
The old neighborhood

I've got a really bad feeling you're gonna hurt me so good
I'll go down any way you want
Any way I struggle

No dream comes true until you're left hanging by a thread
As it all fades away
Blue has turned to red

Would you love me when I'm gone?
Would you love me when I'm dead?
Would you love me with a bounty on my head?
A bounty on my head

I've got a really bad feeling I'm gonna love you so good
Take you down to my hometown
All the neighborhood

I've got a really bad feeling you're gonna hurt me so good
I'll go down any way you want
Any way I struggle

Along this road
If we are, if we are not bleeding
Are we bleeding now?
Oh, along this road
If we are, if we are not bleeding

Are we bleeding out?

I've got a really bad feeling I'm gonna love you so good
Take you down to my hometown
All the neighborhood

I've got a really bad feeling you're gonna hurt me so good
I'll go down any way you want
Any way I struggle
