

Let It Roll (Connect Sets Acoustic)

All Time Low

The time on the clock reads half past four
Im wide awake and thinking
With my pillow on the floor Then maybe Im just wasting my time
Dreaming in a harsh reality
I dont wanna wake up just to find out
Its the same Let it roll, our time is fleeting so we take control
From California to my home sweet home
Our days repeating like its all we know
Its all we know Out here the hills roll on for miles
The sun is like my own sense of direction
Im always drawn to each horizon When its rising, when it sets
But all I can think about is sex
And playing one more game of six cup
In the backyard at the wedge
I know Ill never die alone because of all of you Let it roll, our time is fleeting so we take control
From California to my home sweet home
Our days repeating like its all we know
Its all we know Take, take a breath
Weve got all the time in the world
To get a grip on the fact that we dont last
But right now I wanna watch the tide roll in
With my best friends Let it roll, our time is fleeting so we take control
From California Let it roll, our time is fleeting so we take control
From California to my home sweet home
Let it roll, its all we know
Its all we know
