

# The Opposite of Intellect

[MxPx](#)

It seems so hard to get away from last week and yesterday  
I have to sit right here and watch it all go by  
Is this really happening? Maybe this is just a dream  
When I wake up Ill be someone elseI don't want to grow up, not just yet  
I don't wanna have to see your false sense of reality  
I don't wanna grow up, not just yet  
I don't wanna have to know how to play in your game showJust don't ask me if you're getting through to me  
Just don't tell me the way that you want me to be  
You say Ill fit nicely in society  
You only took a superficial look at meWhy can't I say I'm sick of you?  
Is it wrong to say what's true?  
I'm skeptical about your point of view  
Teaching us not to reflect, the opposite of intellect
