Valium

Hibou

I feel too motionless to walk away
But I can't forget your fate
How I try to resist when you want it, makes us what we are
It's just that I've been waiting for your time
I feel too motionless to walk away
But I can't forget your fate
How I try to resist when you want it, makes us what we are
It's just that I've been waiting for your time
How I try to resist when you want it, makes us what we are
It's just that I've been waiting for your time
