Silence

PJ Harvey

All those places
Where I recall
The memories that grip me
And pin me downI go to these places
Intending to think
And think of nothing
But anticipateSomehow expect you'll
Find me there
That by some miracle
Youd be awareId risen this morning
Intending to break
The spell, my longing
Not to thinkI freed myself from my family
I freed myself from work
I freed myself, I freed myself
And remained aloneAnd in my thinking
Steal you away
Though you never wanted me
AnywaySilence, silence
Silence, silence
Silence, silence
Silence, silence
