Ding dong, ding dong
Ding dong, ding dongGuess who's coming to dinner tonight?
You're gon' be a part of my meal tonight.
Delay the body baby, I wanna bite,
Trenchcoat over that skin tonight.Baby, it's not a mystery,
I want you on top and kissing me.
Cause I've been waiting all night long,
To get your love - let's get it on.I want you baby,
I said you, baby (you baby).
Tonight (tonight).
Your look got a nigga' so ready (yeah).Put my lips all over you,
Wanna put on a show for you.
This bedroom is my Colosseum.
Ring my bell I'll let you in.I'mma get you naked, baby
My love will drive you crazy
Let's dance slow and
Baby you gon' know when you ring,
my doorbell (ring), my doorbell (get it)
Ding dong, ding dong (you want that?)
Ding dong, ding dongGuess who's coming to breakfast today?
Prancing all around with them pretty legs
When its sunny side up, I'll beat it like some eggs.
Cause there ain't nothin' better than morning sex.Girl, it ain't a mystery,
I want your lips kissing me.
Cause I've been waiting all day long,
And I'm gon' tear your body up.I want you, baby..
Damn right, I said you, baby
Right now
Girl, you got a nigga' so horny (yeah).Put my tongue all over you,
I wanna put on a show for you.
This bedroom is my Colosseum.
Ring my bell I'll let you in.I'mma get you naked, baby
My love will drive you crazy
Let's dance slow and
Baby you gon' know when you ring,
My doorbell (ring), my doorbell (get it)
Ding dong, ding dong (you want that?)
Ding dong, ding dongGirl, I pull up the gate, baby, don't be late,
Cause I've been waiting all this time for you (all this time for you)

And baby, when you pull up to the drive way,
And walk your way up the stairs,
Push that button and ring my bell.I'mma get you naked, baby
My love will drive you crazy
Let's dance slow and
Baby you gon' know when you ring,
my doorbell (ring), my doorbell (get it)
Ding dong, ding dong (you want that?)
