Red Lights

Uriah Heep

Red lights - on the highway
Headlights - blinding my eye
Red lights - keep me waiting
White lights - drive me insane
Red lights - in the city
Streetlights - high in the night
Searchlights - I'm looking for someone
Red lights - young blood's alright
Try as I can but (?)
I can't keep away
No no no no way
Red lights - she knows what I'm here for
Headlights - look me in the eye
Red lights - are you looking for danger
White lights - drives me insane
Try as I can but (?)
I can't keep away
No no no, not for one day

Red lights - no questions
Streetlights
