

# Red Lights

## Uriah Heep

Red lights - on the highway  
Headlights - blinding my eye  
Red lights - keep me waiting  
White lights - drive me insane  
Red lights - in the city  
Streetlights - high in the night  
Searchlights - I'm looking for someone  
Red lights - young blood's alright  
Try as I can but ( ? )  
I can't keep away  
No no no no way  
Red lights - she knows what I'm here for  
Headlights - look me in the eye  
Red lights - are you looking for danger  
White lights - drives me insane  
Try as I can but ( ? )  
I can't keep away  
No no no, not for one day  
  
Red lights - no questions  
Streetlights
