

Vai Toma No Cu

Nailbomb

Advisory - the following lyrics contain explicit language:

Trapped on the inside, you stare in
Who the fuck are you to tell us anything
Rotting right through prison inside
31 flavours of napalm to try Fuck you and your plans
I live my life my way
Vai toma no cu
You scumbag, you waste Tired of your ways, hate rising again
I know you'd like to see me put a bullet in my brain
I'm not gonna be part of your plan
Fuck your solutions cause nothing gets changed
