

I Used to Love You But It's All Over Now

[Diana Krall](#)

I used to love you but it's all over, all over now
Yes it's all over town how you put me down
You shouldn't let that kind of talking go round You've had your chance but now it's all over
I'll get along somehow
The things that you did that I used to forgive
You never change as long as you live I used to love you but it's all over, all over now You've had your chance
but now it's all over
I'll get along somehow
