Have a Little Faith

Tiffany Porter

Sure I'm good but someone's better
and my pity party's stuck under the weather
the plans I made fell through again
and I'm feeling like Gods my only friend

Just a shadow in the background a voice in the crowd
Cant break free from my storm cloud
I hear a still small voice that I couldn't miss
Saying, "Don't you worry, I've got this"

(Chorus)
While I'm sitting here worrying, you're out there working
You bless me everyday when I don't deserve it
When i feel like nothing and I'm afraid
I'll quit stressing, I won't complain
I know that you'll come through again,
I got to have a little faith

Have a little faith

{Verse 2}
It's like I don't fit in where I've always belonged
and someone else is trying to steal my song
God said, "Be patient and I'll show you,
through me there's nothing you can't do."

(Chorus)

Faith is the evidence of things unseen,
tomorrow is a mystery but we believe,
you have provided something better for us,
in you we'll delight and in you we'll trust.
{Repeat x2}

(Chorus)

I gotta Have a Little Faith
