Heart's Desire

Heart's Desire
you came with all the answers
To questions i never asked
But all the while you smiled
I never saw the mask
I never saw you coming
I never even tried
But every word that i've heard
Was nothing but a lie
I trusted in my feelings
I counted on my heart
But every pulse just made it worse
And tore it all apart
Be careful what you wish for
Don't count upon that star
When the brightest light goes out
It leaves you in the darkWould you believe me just for tonight, just for the last fight
And would you teach me how to survive when your plane wants to diveYou better remember, baby, you better not forget
That the things you wish with heart's desire
Are never what you get
Be careful what you wish for
Don't count upon that star
When the brightest light goes out
It leaves you in the dark
Would you believe me just for tonight, just for the last fight
And would you teach me how to survive when your plane wants to diveYou better remember, baby, you better not forget
That the things you wish with heart's desire
Are never what you get
