

King Of My World

Saliva

I'll never see any side of heaven
I've walked for miles through a blazing hell
It doesn't matter what you think I'm supposed to be
Because I myself know all too well
I'll open your eyes and make you see
I'm the king of my world
(King of my world)
I'll break down the walls around you now
I'm the king of my world
(King of my world)
I'll break down the walls around you
Walls of Jericho
The Walls of Jericho
My mind alone is filled with rage for you
I am the pastor to your sheep
I am the master of my destiny
I am the king of all I see
(King)
I'll open your eyes and make you see
I'm the king of my world
(King of my world)
I'll break down the walls around you now

I'm the king of my world
(King of my world)
I'll break down the walls around you
Walls of Jericho
3, 2, 1, here I come again, come again
3, 2, 1, here I come, here I come again
3, 2, 1, here I come again, here I go
3, 2, 1, here I go, here I go!
I'm the king of my world
(King of my world)
I'll break down the walls around you now
I'm the king of my world
(King of my world)
I'll break down the walls around you
I'm the king of my world
(King of my world)

I'll break down the walls around you now

Walls of Jericho
