Little Ants

Daniel Antopolsky

Little ants, just a crawlinâ€™ on top of the ground
Theyâ€™ve a long way to wander, yet theyâ€™re already found
Lightninâ€™ bug just lightinâ€™ his way through the night
He carries his lantern, we can witness his flight

And the kitten thatâ€™s approachinâ€™ in search of a friend
You can stir her to purrinâ€™, loveâ€™s gained by a whim
And a skeeter bite scratchinâ€™ will gradually dim
A flower I noticed just as small as a pin

It has no fragrance to fill the air
So very tiny, yet a dance for my stare
Itâ€™s a glowinâ€™, itâ€™s a showinâ€™ me the dearest of things
When eyes meet, and not retreat, the heavens do sing

A song of the changinâ€™ of the forever orb
A givinâ€™ much greater than ever before
A realization that the plan is so grand
Of the miracles-workinâ€™ in the heart and the hand

Weâ€™re home, weâ€™re home, weâ€™re forever home
And dream of friends and family wherever we roam
And our brothers and sisters brought stars in our minds
Itâ€™s a feeling to cherish
Itâ€™s a love so sublime

From the happiest moments
â€˜Til the saddest of times
The waves of the Ocean are pulsinâ€™ of rhyme
And our heartâ€™s are just a glowinâ€™
â€˜Cause weâ€™re sharinâ€™ lifeâ€™s gifts
Of the opera of thunder and the sunshine of bliss

And weâ€™re home, weâ€™re home, weâ€™re forever home
We dream of friends and friends wherever we roam
And our brothers and sisters brought stars in our minds
Brought stars in our minds, brought stars in our minds
Itâ€™s a feeling to cherish
Itâ€™s a love so

So sublime
