

# I Want To Hear You Sad

## The Early November

These eyes,  
They're strongly covered in disguise  
They're waitin' on the real time again  
You'll see that no one knows for sureFor all of this  
I'm better off without you  
Do you regret so  
Your lonelinessThis ride is drifting slowly to the side  
We're swervin' off the road  
Goin' past the cones  
That warned us from the startFor all of this  
I'm better off without you  
Do you regret so  
Your loneliness  
(2x)(Every day goes, every night goes)  
On and on we sing this song (every day goes, every night goes)  
The entire day that's oh so long (every day goes)  
Every night we sing this song for you (every night)For all of this  
I'm better off without you  
Do you regret so  
Your loneliness  
(2x)
