

So Human

Lady Sovereign

Me, you, yeah, yeah
Everyone we've had what in days miss away you cannot relate
I'm a star, I'm an individual, an educated example of intelligence
I'm considered to be cool
Hot bodies, offended people
The mood of age bitten on innocent people
Anyways, things change always at the hotel always
I'll be gone again in four days
I've been waiting hours for this
I've made myself so sick
I wish to stay and sleep today, yeah
I'm so human, yeah, yeah
It's okay, yeah, yeah
For me to feel this way, yeah, yeah
I'm still human, yeah, yeah
It's okay, yeah, yeah
For me to feel this way, yeah, yeah
Yeah, yeah, yeah, yeah
Yeah, you, me, everyone, I got a little temper but I'm a funny one
Yeah, and when the beat went on
And it really ain't fucking hot enough
You shoulda seen me runnin' out the studio like Forest Gump
Jo-jobs sugar, taxi getaway
Trapped in the U.S., my accent is my give away
I need a bag of green to make you go away
And this is another day of my life and so I say
I've been waiting hours for this
I've made myself so sick
I wish to stay and sleep today, yeah
I'm so human, yeah, yeah
It's okay, yeah, yeah
For me to feel this way, yeah, yeah
I'm still human, yeah, yeah
It's okay, yeah, yeah
For me to feel this way
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Doesn't it feel much better, aha
When you've had a better day than yesterday?

Doesn't it feel much better, aha
When you've had a better day than yesterday?
Doesn't it feel much better, aha
When you've had a better day than yesterday?
Doesn't it feel much better, aha
When you've had a better day than yesterday?
Yesterday, yesterday, yesterday, yesterday
Yesterday, yesterday, yesterday, yesterday
Yesterday, yesterday, yesterday, yesterday
Yesterday, yesterday, yesterday, yesterday
I'm so human, yeah, yeah
It's okay, yeah, yeah
For me to feel this way, yeah, yeah
I'm still human, yeah, yeah
It's okay, yeah, yeah
For me to feel this way
Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
